Warden's Annual Report

I wish to express the importance of the cooperation which I have received from our town officials, my deputies and the townspeople as a whole.

I also wish to call your attention to obtaining permits before any burning takes place. People starting fires unlawfully will have to bear the expense incurred, as well as being liable to court action.

It has been reported that this coming year will be a worse fire hazard than usual and the cooperation of the public will be a great help in reducing fires.

We have received great help from the Forest Service and the CCC in fire hazard reduction work. The town has the responsibility of providing a suitable and easily accessible place for all forest fire equipment.

I desire the continued cooperation of the people in town fire suppression work, so that the cost to them, as taxpayers may be kept at a minimum.
